## **CRANE CARRIER COMPANY ANNOUNCES FYDA FREIGHTLINER AS NEWEST CCC DEALER**

NEW PHILADELPHIA, OHIO – Crane Carrier Company (“CCC”) has announced that Fyda Freightliner has joined the CCC Dealer Network as a full distributing Crane Carrier Dealer. Fyda Freightliner is a full-service dealer network with coverage in Indiana, Kentucky, Ohio, Pennsylvania, West Virginia and New York.

Fyda Freightliner stocks an extensive inventory of new and pre-owned commercial trucks for on-highway and vocational applications. Fyda dealerships are notably located on major interstates within heavy traffic centers throughout the Midwest in order to best serve the needs of those who work in the trucking industry.

“Fyda Freightliner’s ‘The Customer is First’ approach to business is very much in alignment with the Crane Carrier model,” says Mark Hampshire, Senior Vice President Sales & Marketing, Crane Carrier Company. “In addition, Fyda’s outstanding reputation in the industry and their vast sales, service and aftermarket parts footprint will enable many more municipal and private commercial truck operations to confidently operate Crane Carriers in their fleets.”

Fyda will showcase the entire CCC truck chassis portfolio, along with full-service capabilities and a comprehensive parts inventory for the Ohio-based OEM.

“Crane Carrier Company is a pioneer in the severe-duty truck business,” says Neil Fyda, Sales Manager, Fyda Freightliner. “The CCC product line is custom engineered and manufactured to support the rigorous demands of vocational work trucks, and we are pleased to bring Crane Carrier’s quality and durability to the markets we serve.”

Fyda joins over 180 Certified CCC Dealers and Service Centers across North America.

“As we continue to grow the CCC Dealer Network, we are thrilled to add Fyda Freightliner and other first-class commercial truck dealers to our growing Crane Carrier family,” says Hampshire. “We look forward to a long and rewarding partnership with the Fyda team.”

**CRANE CARRIER COMPANY**

**Crane Carrier Company**

Crane Carrier Company is a leader in the vocational truck industry, providing custom, severe-service chassis and purpose built vehicles for the refuse and recycling, infrastructure maintenance, ground support, agriculture, and oil and gas markets under the Crane Carrier Company and Crane Carrier Company Engineered Chassis brands.
