

LDT2

Low Drop Tilt

Remote Mounted 1,814 sq in Radiator –
Produces Quieter, Cooler Cab Environment and
Allows for a Pass Through Cab Design

All Steel, American
Produced,
**Fabricated
Severe-Service
Cab Shell**

**Large Flat Glass
Windshield**
– Simple to Replace
and Cost Effective vs.
Complex Curved Glass

Crane Carrier's LDT2 is as versatile as it is rugged and delivers one of the tightest turning radiuses in the industry. Durable cab construction and an ergonomic cab environment optimize driver health and safety, while the sturdy factory warranted drop frame provides the option to collect containers by manual, semi-manual and automated means. ■

Drop Frame – 11"
Formed C-channel,
Designed and Produced
on Line as a Standard
OEM Product

18"

True Low Entry – 18" Step
in Height on BOTH Sides

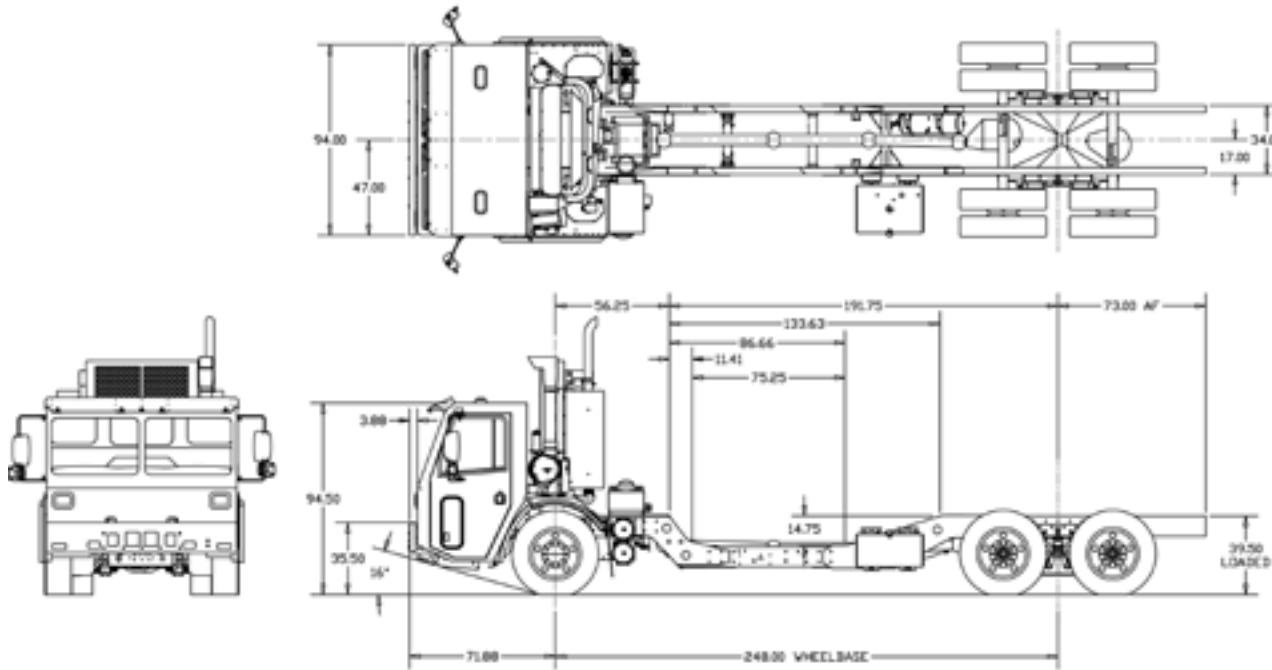

CRANE CARRIER COMPANY

**Expertly Manufactured
From Steel to Wheels**

LDT2 Low Drop Tilt

Crane Carrier is the only original equipment manufacturer (OEM) in the U.S. that produces a factory-built, heavy-duty drop frame chassis on-line as a standard production option. ■
